Dear Hiring Manager,

The position of Senior C++ Developer is really attractive to me. I believe that my skills and experience would make a valuable addition to your organization.

I got my Ph.D. degree in Computer Science at Victoria University of Wellington. With great passion for data, I have been involved in a few AI/Machine Learning and Software Development projects.

Below is a summary of my profile.

- 5 years' related work experience as a Data Scientist/Software Engineer;
- Deep academic background. Master's and Ph.D. degree in **Machine Learning (ML)/Artificial Intelligence (AI)**;
- Practical experience with multiple **coding** languages (e.g. Python, C++, C, SQL, Qt), build application with **Django/Flask** with frontend and backend;
- Experience with continuous integration **CI/CD**, and version control tools **Git**;
- Rich experience in Cloud applications, e.g. **Azure and AWS**;
- Knowledge in interfaces/protocols (e.g. TCP/UDP);
- Familiarity with Scrum methodologies and DevOps;
- More than 5 years testing experience;

I have attached my CV for your review and look forward to speaking with you further regarding your available position. Thank you for your time and consideration.

Best Regards,  
Xiu/Sue Cheng
